

### **experimental psychology a case pdf**

The Journal of Experimental Social Psychology (JESP) aims to publish articles that extend or create conceptual advances in social psychology. As the title of the journal indicates, we are focused on publishing primary reports of research in social psychology that use experimental or quasi-experimental methods, although not every study in an ...

Psychology is the science of behavior and mind, including conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope and diverse interests that, when taken together, seek an understanding of the emergent properties of brains, and all the variety of epiphenomena they manifest.

We show, via a massive ( N = 689,003) experiment on Facebook, that emotional states can be transferred to others via emotional contagion, leading people to experience the same emotions without their awareness. We provide experimental evidence that emotional contagion occurs without direct interaction between people (exposure to a friend ...
