### **Police Use of Deadly Force: Research and Reform.**

The attention given to the topic of deadly force is indeed justified when one considers its moral and legal implications. Researching police use of deadly force is difficult due to the relative infrequency of the incidents and the sensitivity of the subject matter.

### **Surviving deadly force encounters: A case study | SpringerLink**

Deadly force also known as lethal force is force that is likely to cause either serious bodily injury or death to another person. In most jurisdictions, the use of deadly force is justified only under conditions of extreme necessity as a last resort, when all lesser means have failed or cannot reasonably be employed.
