The focus is on these issues in relation to qualitative research. Confidentiality and anonymity are related but distinct concepts. The Concise Oxford Dictionary defines confidentiality as: "spoken or written in confidence; charged with secrets" while anonymity is defined as: "of unknown name, of unknown authorship". In the ethics literature, confidentiality is commonly viewed as akin ...

to focus strongly on the three prime areas, which are the basis for successful learning in the other four specific areas. The three prime areas reflect the key skills and capacities all children need to develop and learn effectively, and become ready for school. It is expected that the balance will shift towards a more equal focus on all areas of learning as children grow in confidence and ...
