The art of building small. The research program of the Feringa group is focussed on synthetic and physical organic chemistry. Inspired by Nature's principles of molecular assembly, recognition, transport, motion and catalysis, the goal is to exploit the full potential of synthetic chemistry to create new structures and functions.

Save your progress. When you register you will be able to save and view completed and in-progress questions. Registering with Isaac Chemistry will automatically register you with Isaac Physics and similarly, if you already have an account on Isaac Physics, you will be already registered on Isaac Chemistry.

### **Isaac Chemistry - Isaac Physics**

An Introduction to Chemistry by Mark Bishop. There are two versions of this current textbook, both containing the same information but organized differently: the "Chemistry-first" version begins with actual "chemistry" – that is, chemical equations and reactions.

### **General Chemistry: Starting Points for Students**

View the most recent ACS Editors' Choice articles from Nano Letters. See all Nano Letters ACS Editors' Choice articles. View one new peer-reviewed research article from any ACS journal, selected daily, and made open access based on recommendations by ACS journal scientific editors from around the world.

P. 2 "We've tried just about every projector brand over the years, but Epson is the most impressive. We like the color and the brightness, but mainly the fact that, at any given price point, Epson projectors deliver the greatest visual impact."

### **All EPSON catalogues and technical brochures - PDF**

brief but disarmingly tenuous. It is a curious feature of our existence that we come from a planet that is very good at promoting life but even better at extinguishing it.
