revealed that 72 percent of the public said that they possessed at least one good luck charm. Superstitious beliefs and behaviors have been passed down

### **The Luck Factor - Richard Wiseman**

Luck is the concept that defines the experience of notably positive, negative, or improbable events. The naturalistic interpretation is that positive and negative events happen all the time in human lives, both due to random and non-random natural and artificial processes, and that even improbable events can happen by random chance.
